

QUIZ

REALIZING THE REALITY OF YOUR RACE

Come on girls! We know that all that glitters is not gold and it's time to find out what color you are! In our diverse world, the modern woman can have trouble finding her inner race. We'll help you get started: answer the following questions and be on your way to a racially secure future!

- Naturally, when it comes to romance, some things are more important than others. What do you find most compelling in your search for Mr. Right?
 - The scrawnier the better. I keep an 8.5 x 11 glossy of Justin Timberlake on my dresser.
 - The bigger and stronger the better. You know what I mean girlfriend: my man's got girth (but only in certain places and you know what I'm talking about!).
 - It's all about refinement. I'm willing to give up a few inches down below in exchange for skin smoother than imported silk and a tight little ass.
 - Yee-haw, I don't care what he looks like so long as he's kin, got a six-pack of beer and astro-turf in the bed of the pickup.
 - I like the gangly, awkward look. A cracking voice and oily skin are major turn-ons!
- Now let's talk body type. What kind of ass do you want to grab hold of and never let go?
 - A skinny ass
 - Round, firm, muscular; there had better be some meat on it.
 - Ass? What ass?
 - We haven't had an ass in years; now, we use tractors.
 - Giggle, giggle. You said ass. I'm telling!
- Now on to hair: let's see what your 'do can tell us about you!
 - Feathered, straight and thin.
 - So rich, curly and thick that small children have disappeared in it.
 - Black and so straight that it wouldn't curl in the rain forest in the middle of summer.
 - Matted down and oily due to infrequent washings.
 - I just hate it because it won't flip under like the girls' in this magazine and I've got a date with Johnny and he's just the cutest!
- You see one of your ex-girlfriends—the one who stole your boyfriend—coming toward you on the street. What do you do?
 - I'm polite and cordial to her face; however, I go back and tell everyone that she's gained at least ten pounds and had left the house without putting on a stitch of make-up and you wouldn't believe the wrinkles under her eyes!
 - Slap that bitch around. I'll teach her to take away my man!
 - Lower my eyes and keep my hand in front of my teeth. I would never do anything dishonorable in public.
 - Run her down with that no-good-two-timing-ex's pickup that I kept when he done run oft.
 - Get together and cry and promise never to let a jerk like that come between us again.
- Now on to something every girl loves: Fashion! Open up that closet and let's look at those labels:
 - If it doesn't have the word "Brooks" in it, I don't wear it.
 - Can you say Tommy Hilfiger and Polo Sport?
 - As long as it has the word 'Milano' somewhere on it and is black, I'll buy it.
 - You know, it's getting harder and harder to find a Piggly Wiggly; I better take care of what I'm wearing now.
 - I get my outfits and my make-up exclusively from Delia's. It's the coolest!
- And the final question: What does the expression 'eight-ball' mean to you?
 - Something you find on a pool table.
 - A rock you can buy for \$125 on the corner.
 - One more than 'seven-ball.'
 - I've got four of my male cousins all to myself tonight!
 - It's that nifty thing we used to tell fortunes at last week's sleepover. Things are really looking up for me!

If most of your answers were A:

You like mayonnaise and have a skinny, bony little ass. You consider the Chinese take-out place 'ethnic.' You would never dream of breaking into a sweat, raising your voice or getting into an argument. The best way to deal with problems is to ignore them, that way they'll go away all on their own. You prefer to stay in your nice, gated community, and in the afternoons you always meet the Winthrops at the club for tennis and drinks. It's clearer than that glass of Perrier you're holding: you're Mayan.

If most of your answers were B:

You're outspoken and never shy away from telling your girlfriends (or anybody else, for that matter) exactly what you think. Public or private, it makes no difference—you're going to make yourself heard and you're not going to be quiet about it! When it comes to clothes, you love to show off that beautiful ass of yours as well as that chest you started developing when you were four. Well gorgeous, you're Welsh.

If most of your answers were C:

Everything about you is a little reserved. You enjoy a cosmopolitan lifestyle and love to go out for fresh seafood. Your features and wardrobe alike are subtle and refined. You never back away from fighting a battle, although you might find yourself losing the war in the end. You believe in being polite at all times. There's no question, you're a Mongol through and through.

If most of your answers were D:

Golly gee, Ellie-May, what could you be? We know you've never seen a paved road or made love to a man to whom you weren't related. But, given the number of dogs under your pappy's porch and the amount of male relatives you have named "Vern," you could only be one thing. That cute little accent of yours gives it away: you're French through and through! Yee-haw!

If most of your answers were E:

You're part of a very unique race and culture: you're a teen-ager. Thank God you'll grow out of it. But until you do become something other than the oily, smelly, pimply, screeching little monkey that you currently are, we'll make sure that you stay one of our largest target audiences. By showing pictures of surgically, chemically and photographically enhanced women, we'll make sure that you feel even more insecure than you do already. And, to keep our advertisers happy, we'll tell you that a \$38 bottle of face cream will clear up that blotchy complexion of yours. Turn the page. See that skin? This cream did that for her, honestly. Go buy some, it'll do the same for you. Would we lie?
