## What's Wrong With These Cowboys?

Tales of the Wild West are replete with legendary outlaws and the chain-smoking lawmen who fought them. But only a scant few can attain the legendary status of Wyatt Earp, Billy the Kid, or Yodelin' Zeke, and with such fierce competition—Yodelin' Zeke was a particuarly ruthless foe—some *special* Western figures slipped through the cracks. Fortunately, the *Record* was able to obtain the following photo, which offers a more complete picture of the third-zaniest era in American history, outdone only by Prohibition and that spring break at Myrtle Beach. To set the historical record straight, we ask: what's wrong with these cowboys?
